BackupAssist **Classic** v12

The world's leading cyber-resilient backup system.

Reliable backups

1 **Easy, flexible backups**
Backup your files, folders, apps, databases, systems.

2 **Physical & virtual**
Protects Physical & Hyper-V machines.

3 **Onsite, offsite and cloud**
Backup to onsite hardware and to cloud storage. Tailor your backup system to meet your resilience goals.

4 **Pick your storage**
Local NAS, USB HDD, RDX, iSCSI, Tape. Public & private cloud: AWS, Azure and S3 compatible.

Get running again quickly

1 **Predictable recoveries**
Restore everything from individual files to entire systems from bare metal.

2 **Advanced recovery tools**
Hyper-V Rapid VM Recovery, Exchange Granular Restore, Bootable Backups, and more.

Leading cyber-security innovations

1 **CryptoSafeGuard**
Preserves the integrity of backups, shielding them from corruption by malware and hackers. Be notified (email/SMS) about suspicious activities.

2 **Cyber Black Box**
Industry first forensic data collection to assist in cybercrime investigations. Faster and better resolutions help prevent repeat attacks.

New in v12

Test Restore
Test your backups on autopilot. This feature gives you confidence in the integrity of your backups - without relying on tedious manual testing.

Advanced Imaging Backup
v12 has a new backup engine for protecting your physical and virtual systems. It is fast and reliable with powerful and flexible recovery processes for all recovery scenarios.

Advanced System Recovery
The gold standard of flexible & timely system recovery. You can meet very short RTOs to ensure your business achieves strong cyber-resilience.

Our range of add-ons for BackupAssist Classic

BackupAssist **Classic**

BackupAssist Classic v12

Our flagship product. Software for Windows Server backup and disaster recovery. Perform reliable image and file backups, and recover anything from entire systems to individual files and folders.

ADD-ON
Exchange Granular

Exchange Granular Add-on

Easily and precisely restore any lost mailbox data: e-mails, contacts, attachments and calendar entries. Directly inject your data back into a live Exchange Server.

ADD-ON
Hyper-V Advanced

Hyper-V Advanced Add-on

Advanced tools for protecting and restoring your Hyper-V data. Perform instant recovery of Hyper-V Guests, granularly restore data from guests, and more.

ADD-ON
SQL Advanced

SQL Continuous Add-on

Nearly eliminate data loss and keep your SQL Server protected. Get your Recovery Point Objective down to minutes, and perform point-in-time restores.

ADD-ON
Tape Archiving

Tape Archiving Add-on

Top-level tape support for Windows Operating Systems like Windows Server 2019, Server 2016, and Server 2012/R2. Compress and encrypt tape backups with ease. Perfect for long term archival storage.

ADD-ON
Cloud Offsite

Cloud Offsite Add-on

Offsite your files safely to public or private cloud. Data deduplication saves space, encryption provides confidentiality, and interruption safeguards cater for internet outages.

MultiSite Manager

Multisite Manager

Take care of all your BackupAssist Classic installations from a single console. Remotely handle deployments, backups, restores and more with a few clicks.

BackupCare Subscription

A BackupCare subscription provides ongoing assurance for cyber-resilience, plus access to **technical support** from our backup experts.

Free Version Upgrades

Crypto**Safe**Guard

Cyber Black Box

Take the next step to **cyber-resilience.**
